EXPLORE

EXPLORE THE EUROPE'S RESOURCES HUB & MINING TECHNOLOGY IN LONDON IN A SECURE FINANCIAL & INVESTMENT FRAMEWORK THAT SUPPORTS MINERAL RESOURCES STRATEGY ACROSS MINING AND ENERGY INDUSTRIES

Now in its 4th year, **Mining Investment London** has grown to become the premium mining investment & capital raising conference & exhibition in Europe. The core of our event has been to connect heads of mining companies, representatives of regional executive authorities, investment funds, banks, industry associations, service companies and equipment producers via personalised networking platforms, social events and **1-2-1 meetings**.

Besides mining trends and investment topics, we have also been highlighting the latest **technological innovations** that will transform the mining industry & we are adding **critical minerals** and **hydrogen** that play a crucial role in the **global energy market's transition to a low-carbon economy**.

For 2022 edition, we are **transforming into a hybrid event** by introduction of **virtual platform** to capture wider European and global audience in the new business environment. We are providing enhanced benefits to all our attendees by implementing **virtual interactive exhibition hall**, live chats with participants, networking lounge & digital presentations. We are improving ROI for our sponsors & exhibitors by providing detailed attendee information, session data and stand visit count. And you still **have an option to book 1-2-1 meetings with potential investors & industry partners**.
